

FEATURED HIGHLIGHTS

- 100% PURE OIL**
 The oil extracted contains no chemicals or impurities
- EASY TO USE**
 Unlike other machines, Ekvira Home Oil is easy to operate
- HIGH YIELD**
 The heated feeder and longer rod result in a greater oil yield
- USEFUL BY-PRODUCT**
 The extracted slag can be used as a healthy snack
- QUIET OPERATION**
 The machine does not make much noise during operation
- EASY TO CLEAN**
 Cleaning the Ekvira Oil Extractor is very convenient.
- FULLY AUTOMATIC**
 The operation of oil extraction is completely automatic
- COMPACT DESIGN**
 The machine takes minimum kitchen counter space

Ekvira

Domestic Oil Extraction Machine

HEALTHY OIL FOR
A HEALTHY LIFE

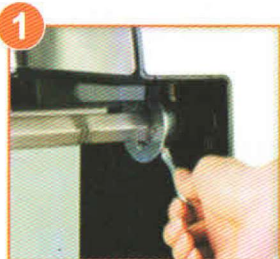

Home Oil Extractor
EC-700

Ekvira's Domestic Oil Extraction Machines are suitable for extracting oil from seeds at home itself. The oil is extracted without any external impurities or chemicals. This ensures that the oil is hygienic, nutritious and healthy.

FOUR EASY STEPS TO PURE OIL

1 Make sure all parts are assembled properly.

2 Add the seed of your choice into the feeder.

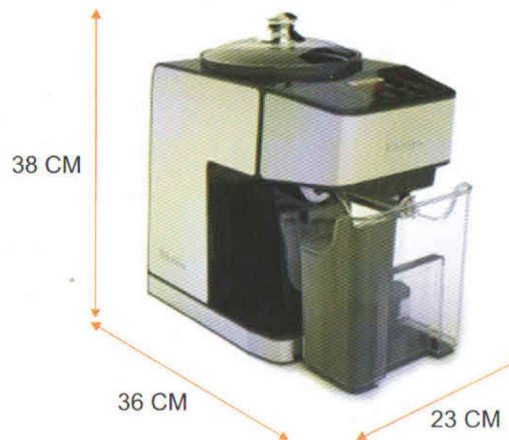

3 Select the type of seed and press the START button.

4 Enjoy your freshly extracted 100% pure oil.

PRODUCT SPECIFICATION :

PRODUCT SPECIFICATION

Product	: Oil Extractor
Model	: EC-700
Voltage	: 220V~50Hz
Press Power	: 230W
Heating Power	: 400W
Net Weight	: 7.5Kg
Press Hall	: 304 Stainless Steel
Rod Material	: 304 Stainless Steel
Dimension(cm)	: 38 X 23 X 36

EXCLUSIVE FEATURES OF EKVIRA EXTRACTOR

Normal Oil Seed Feeder

Heated Oil Seed Feeder in the Ekvira machine warms up the seeds resulting in higher yield

Ordinary machine has 18.3cm long rod with 10 Press levels with lower oil output

Ekvira machine has 24.3cm long rod with 16 Press levels to get more oil

Low Quality Noisy Motor

High-Grade Noiseless Motor

Smallest Heater Area in ordinary motors

Larger Heater Area softens the seed more for higher yield

No crusher available in ordinary machine

Integrated crusher reduces storage space for slag
